

The 33 Vibrations of KUAN YIN

Mother of Compassion

A Way to Live in the Heart in the 21st Century

A workshop for women with

ANIQUE RADIANT HEART

As 2012 approaches, we are all asking “How will the Mayan prophecy manifest? How is the world going to change? What will happen to our Divine Mother Earth and all of the Divine Beings on Her?”

These are complex questions, which come from our minds - yet one thread is always present in the guidance I receive – the main shift in consciousness for all beings on Earth will be to *“live from the heart”*. To *“think with our hearts”*. In doing so, we, as Divine beings, will bring about the critical changes which are needed to ensure that the Feminine Principle, as Divine Mother, once again permeates the energy of all **LIFE**.

The 33 Vibrations of KUAN YIN Mother of Compassion

Kuan Yin, through Her 33 aspects or vibrations, teaches us how to bring about these changes – both within ourselves and the planet. During our workshop, we shall explore Her 33 emanations and understand the encoded messages held within them. We shall invoke Her and chant Her praises.

We shall create our Kuan Yin sacred tool and imbue it with sacred energy of intention for our own transformation, into our heart consciousness.

“Working with Kuan Yin changed my life so radically, that I lost all fear and left my mainstream work to live the life of a Spiritual Teacher in Her service. I have never looked back. She will do the same for you.

We must live our dreams.....at the very least we must try to live them, otherwise, regret will infect our lives.”
