

PRIESTESS OF THE GLOBAL GODDESS

3 Year Training with Anique Radiant Heart

SEASONS OF THE GLOBAL GODDESS

A Priestess Journey

As the World turns, as the Season change and as we grow and mature, we enact an ancient Cycle of Transformation. Our women's bodies, which are the microcosm of the Universe, and in synchronicity with the Moon, go through the same changes as our Mother the earth does. Hidden within this Cosmic Dance, is the purpose for our Lives—the **Evolution of Our Souls.**

As women living in a patriarchy, we have become “distanced” from this dance. Yet our ability to bring forth LIFE is what gives us our special powers to transform what *is* into what *needs to be*. We hold within us the understanding that LIFE is sacred and precious. It is no coincidence that huMANity is the most destructive force on this planet today. It was not so in ancient times when women and Nature were in harmony and all of HER creations lived interdependently. It was a Golden Age - a time when women made the decision, were the primary food providers, and the Priestesses in the Ancient Goddess Temples.

This Priestess of the Global Goddess Training will take the form of the Seasons of a Woman's Life as linked to the Soul's Evolution. Over a three year period, we will journey through our Herstory, Our Power and Our Service. We shall learn skills which were developed in the Ancient Temples and are relevant today. We will call in our Goddess Archetypes and Animal Guides, we shall link energies with the Phases of our Sister Moon, and we shall celebrate Her Nature through Her Seasons as experienced in our Sacred Bodies. After all, it is our bodies which are the Temple of Our Soul. ***And our Purpose is to consciously work with our Soul's Evolution.***
