

KUAN YIN

13 Moon
Journey

BACKGROUND

We are living in very difficult times.....

The level of horror, violence, war, greed and hatred is unprecedented.

Whether we like it not, this has an impact on us, and for those of us who are empathic, these times are having a serious effect on our nervous systems and also the energetic systems called the Chakras in the body.

The centre which is most affected of course is the Heart Chakra. Most of us these days are walking around with very heavy hearts, and as the Heart Chakra regulates the whole chakra system in the body, working with this energy centre is really important.

At another level, many of us are questioning the power of love. It seems that love has become a hackneyed word and that the real meaning of unconditional love has been lost in the world.

Kuan Yin Is the Goddess of unconditional love, and she also rules the Heart Chakra in the body.

This journey, which is a 13 month course of monthly immersions with Kuan Yin and her 33 teachings, will open up your heart again to unconditional love. It will also balance the Heart Chakra by regular monthly ceremony and processes which you will also enact on your own between our Monthly Circles. This will ensure that both the heart and the Heart Chakra, function perfectly in our physical and energetic bodies.

REGISTRATION FORM

In inviting you to join me in the KUAN YIN THIRTEEN MOON JOURNEY, a teaching of THE TEMPLE OF THE GLOBAL GODDESS, a critical component I have to consider is – can I work with you and can you work with me?

A very important aspect of this teaching is to build our Goddess community. Most particularly, to have a working Temple of the Global Goddess, with Priestesses committed to its care and upkeep, where women who love the Goddess can come at any time to feel connected, pray or just sit in the beauty.

I am also offering this teaching because I am passionate about what I teach and share and I know deep in my heart that the world needs it and wants it. I also want to work with women whose integrity is clear. Women who are guided by their inner purpose to build a new world, based on service and joy. If you feel as I do, then this will be a wonderful journey of mutual discovery and celebration.
